# YOU ARE AFTER MONEY!

You Have Heard the Proverb:  
"A Dollar Saved is a Dollar Earned."

—THAT IS A COLD, HARD FACT!—  
A Dollar Spent Extravagantly!  
Or Paid in Over-Charge is a Dollar Knocked Out of Your Day's Earnings!

A Dollar Saved in Economical Trading  
Is a Dollar Added to the Day's Wages!

We are after you with money in our hands in the way of a practical premium for your trade. We can save you money every time and we will do it and demonstrate the fact. We can make a dollar go as far as a dollar and a dime go elsewhere. That means that you are getting a premium of ONE DOLLAR on every ten you spend with us.

HERE IS MONEY FOR YOU—DO YOU WANT IT?

It is the strangest thing that either from doubt or dullness people go on wasting their money and dropping a dime out of every dollar spent into the over-charged slot of the high-priced trader's box, when the low-priced trader would drop that dime into the buyer's bank. Here is a fact in Finance, worth your considering: If you put money out at interest, eight per cent. is as big a return as you can hope to get. You will probably be glad to get six per cent. on a safe loan. But

We Offer You TEN per Cent!  
On every dollar you spend with us, and to spend money elsewhere is like loaning money without interest, when you might have ten per cent. Our goods are the best you can buy, our prices are the lowest, and we save you a dime on every dollar.

Helen Jarrett shot and instantly killed Geo. Henderson at a dance near Lewisport, Ky., on the 18th. The murder was wholly unprovoked.

Dr. Lawson preached some very logical and convincing sermons at the regular quarterly meeting held at the Methodist church Sunday and Monday.

Prof. G. B. Likens of near town, has accepted the position of teacher in the new school in the West Kentucky College at South Carrollton during the spring term.

Revs. H. D. Truman and Robt. Oldham are conducting a series of meetings at Clark school house, near Fortville. They are doing good and have a successful meeting.

Mr. Robert Crowe, while returning from religious service Sunday evening and when just in front of Anderson's Barn, was stricken with epilepsy and fell from his horse. Friends in his assistance immediately and medical aid was summoned. He was taken into the barn, but in a few minutes was removed to the Matthews Hotel and every assistance rendered. After several hours of most exhausting pain, his sufferings were relieved sufficiently for him to be carried home, and at last accounts he was improving as fast as could be expected.

Most of the losses taken in this county by the McCallum Oil Co. will expire within the next 30 days, on account of the company's failure (which is now inevitable) to have and complete a lease in the county inside of twelve months from date of lease. It is to be regretted that a test of the region, contiguous to the Rough creek uplift has not been made, because the surface indications point strongly to vast reservoirs of petroleum and gas. Perhaps the oil and gas home company will do something yet, since their lease runs two years longer. They hold the cream of the promising territory, and have enough of it to justify the risk of a thorough trial.

Several changes took place in the Faculty of Hartford College with the opening of the term.

Miss Emma M. Ryan, who has had charge of the Art Department for three years and a half, takes a vacation of five months to prosecute her studies in art in Toronto, Canada. Under her charge, the Art Department flourished and never had before, as the art exhibitions of the past two years amply testify. Miss Ryan is a young lady of rare and exceptional talents, and with the respect and esteem of every one who knew her. Miss Annie Crawford takes the charge of the Art Department. She is a quail. Miss Ryan for two and a half years during which she gave the dearest of superior artistic talent. Her productions in art work compare favorably with other and more experienced artists. Those who continue as pupils of this Department, will have excellent instruction.

Miss Bettie Taylor, who filled the trying position of primary teacher so satisfactorily during the last session, resigned to take a position in the Bank of Hartford. Her place will be filled the remainder of the year by Miss Josie Duke, who is a graduate in the classical course and thoroughly competent to perform the arduous duties of this Department.

Mr. J. W. Lytle has been added to the Faculty and will assist in the College wherever his services are most needed. Mr. Lytle is a graduate from the theological school, and has been teaching two schools in the county. He is a young man of studious and quiet habits, liked by all who know him, enjoying the confidence of the young people with whom he associates. Mr. Lytle is a deserving young man and thoroughly understands the subjects he will teach.

### For Buckner

HARTFORD, KY., Feb. 21, 1890.  
WHEREAS, We, the members of the Ohio County Democratic Executive Committee, having cognized of the dispute between Governor Buckner and Jackson and Lily, which originated from strictures made by Governor Buckner on the manner in which judges discharged their official duties in certain instances, and

Resolved, That we endorse the position taken by the Governor concerning the matter above mentioned, and consider that his action and utterances are calculated to protect the interests of the people of the Commonwealth, regardless of classes and parties, and as such deserve and will receive general, if not universal, approbation.

H. P. TAYLOR, Chairman.  
JOHN J. McHENRY, Secretary.

At College Hall.  
Friday night College Hall was crowded with people, who, knowing from similar occasions that something good was to be had, had called together for the purpose of listening to the productions of the class in English Literature. They were rewarded by a literary feast seldom surpassed—a production that would do credit to older minds.

It takes merit—good, pretty thoughts well expressed to command the attention of an audience for two hours, so the class may feel that they did honor to themselves and teacher. The music furnished by Mrs. Warren and class was a treat. Comic quotations, "Jack and Gill" and "Where are you going my pretty maid", were fully appreciated by the audience. It is good for man to laugh. Prof. Rhoads, owing to sickness, was not able to be with his class, but he may justly feel that his work was not in vain—"the seed fell into good ground," and the fruits thereof were credible.

Too Much Liquor.  
A negro by the name of Henry Williams living at Big City, Grayson county, Ky., went up town last Thursday and began drinking whiskey, and was behaving badly.

Tom Martin, the day telegraph operator at this place, came up and made a proposition to the negro that he would give him a quart of whiskey if he would drink it within 15 minutes. The negro accepted the offer and the whiskey was duly delivered. He drank it to the bottom, drinking all the contents before taking the bottle from his lips. In a few minutes the negro became unconscious and remained in that condition until relieved this morning.

Who was Best Hit?  
Mr. F. W. Priebe, of near town, killed one day last week, 7 shots that he and a half-month old that netted an amount of \$200.00, which he had demonstrated a ready and useful knowledge of the science of Political Economy.

The Friday afternoon exercises at the College were very entertaining and were honored by several visitors. The exercises were in charge of Mr. Ryan read well-prepared and entertaining essays in a style and manner that showed the class had profited by its studies in the branch of political literature. Dr. Alexander's class in Political Economy gave a fine systematic review of the subject, and they demonstrated a ready and useful knowledge of the science of Political Economy.

The Owsenboro Messenger says: "Deputy Sheriff Johnson and Marshal Boling, of Fordville, arrested Willie Greathouse there last place yesterday and brought him to this city and put him in jail. Greathouse was indicted at the last term of the criminal court for keeping a lawless house, and has since been absent to evade the officers. He will be tried next week."

J. S. Greathouse.

The following letter from the pastor of Friendship Baptist Church, Owsenboro, Ky., will set Mr. J. S. Greathouse, who recently exhibited himself in Hartford as a Baptist preacher, in his proper standing. He is a religious fanatic and fraud, preaching the most abominable heresies and practicing unchristianable deeds on the public. Let the Baptists where he may chance exhibit himself, give him no countenance, but give him the rebuke as one of the false prophets that shall appear in the latter days.

J. S. COLEMAN.

OAKLAND STATION, KY., Jan. 17.

Rev. J. S. COLEMAN:

DEAR BROTHER:—Your letter was received a few days ago. Rev. J. S. Greathouse was dismissed from this (Friendship) church two or three years ago. I have been pastor of this church 6 years and during that time I have heard him preach often. He has not lived in this country since he was dismissed from the church. He has not heard of his heresy. He still holds the letter, we are responsible for him, and it is our duty to get it from him. I will present his case at our next meeting, the first Saturday in February. We are unshaken in our faith and do not estimate his error and I hope you will thoroughly expose them. I think the church will not be able to tolerate him when the facts are made known. Give yourself no uneasiness; I will attend to his case.

Your Brother, B. F. PAUL.

ZELFA GRAYES.

The Modern Red Cold.

(Henderson Journal.)

The people of this country have been having "genuine Russian influenza" for many years. When they called it "bad cold and sore throat," they thought it was a bad cold and sore throat, they wrapped a piece of flannel around their throats, took a hot foot-bath on going to bed, and got no rest next morning. When they call it "the grippe," they go to bed and send for the doctor. After which their chances for recovery are uncertain.

Will Entertain.

The school at Sulphur Springs, in charge of Miss Lucy Townsend, will give an entertainment in the dining hall of the Morton Hotel, Saturday night, January 25, 1900. We cordially invite all to be present.

Health of the community good. The people of the day are: warm weather, spirit and the Wheelers. The latter have a lodge of 20 members at this place, and expect about that many more at their next meeting.
